HONDA

Your paint code is usually on a metal plate, the size of a wallet – please see below the possible locations the code plates are usually found on your vehicle.

What does your Honda paint code plate look like?

Honda paint codes are typically 3-6 digits and a combination of letters and numbers - for example: **NH700M**, **B568M**, **R81**

We can also match to the exact colour name, for example: **Alabaster silver**, **azure blue** or **Milano Red**
